## Confidentiality During Editorial Evaluation and Peer Review and After Publication

Annette Flanagin

Print Publication Year: 2007 Published Online: 2009

Publisher: Oxford University Press

ISBN: eISBN:

DOI: 10.1093/jama/9780195176339.022.203

Item type: section

Strict confidentiality regarding the review and evaluation of submitted manuscripts and all relevant correspondence and other forms of communication is essential to the integrity of the editorial process (see , Editorial Assessment and Processing, Editorial Assessment). Authors must feel free to submit manuscripts that contain their unique ideas and information that may affect their reputations or careers or that may be proprietary. Thus, editors and reviewers have an ethical duty to keep information about a manuscript confidential, and authors have a right to expect that confidentiality will be maintained. Policies supporting the confidential nature of the peer review and editorial
