Item type: section

A general scheme of heads and side heads may call for the use of boldface type for first- and second-level heads and for first-level side heads in the text, although heading styles and formats vary among journals (see also , Manuscript Preparation, Parts of a Manuscript, Headings, Subheadings, and Side Headings). For example: **METHODS** (level 1 head, flush left, bold caps) **Statistical Analysis** (level 2 head, bold caps and lowercase) **Clustering Data**. (level 3 head or first-level side head, paragraph indent, run into the text, bold caps and lowercase). Boldface may also be used in text to call out references
